

LCA国際小学校

LCA Kokusai Elementary School

LCA is a private Japanese school which follows the Japanese National Curriculum.

About Our Curriculum

We give our students the strength of knowledge in two languages, Japanese and English. From the first grade most courses are taught in English following the Japanese National Curriculum. As students progress to the six grade, many core courses are taught in Japanese to maintain a balance in both languages.

Requirements

We require our students to have a strong understanding of both English and Japanese. All students are required to take an entrance test both in English and Japanese, and a parent interview will also be conducted. Any questions in regards to enrollment should be directed to our office. Please see our contact page ([お問い合わせ](#)) for updated contact information.

Other Programs

★Spring School / Summer School / Summer Camp

We offer great programs during the Spring and Summer times. Crafts, activities, physical education...These courses are mostly aimed at giving students an opportunity to enjoy these programs while using English. Call our office for more information.

★Saturday SIE (Subjects in English)

Our Saturday 3 hour courses are divided into ESL and Mainstream courses.

-ESL Courses focus on teaching students English (Speaking, reading, writing and comprehension).

-Mainstream courses are for high level to fluent English speakers who aim to maintain their English skills. Many other subjects are taught to broaden vocabulary.

AM SESSION: 10:00 – 13:00
